

# THE MISSION GENERATION

## 3. RADICAL COMMUNITY

### Have some fun!

Building a good foundation of friendship is the key to building a good Hub. To help your Hub get to know each other over the next few weeks, take some time at the start to play some games, do some ice breakers and maybe have some food together.

### Share Testimonies

We also think sharing testimonies is a great way to build community, but also start to set the tone and focus of Hub.

For this week ask anyone to share who has not yet shared in previous weeks (and you could even give a recap of previous ones for anyone who wasn't there).

### Discussion Questions

- What stood out to you most from Kate's talk on Sunday?

Read Acts 2.42-47

- Why do you think a community that looked like that was so attractive to the world?
- What do you think it was about Jesus, and following him, that made people do community in this way?
- How could we make our Hub look more like this community in Acts 2?
- Go round the group and ask each person to share what their hopes are for Hub this year.
- Take some time to write up together your vision for your Hub this year – what you want the vibe to be, what you want to press into, how you want to have grown by the end etc.

**BIG IDEA:** Living as a radical community of faith is proof to the world that the gospel message is true. It's what the missing generation needs to be convinced of Christianity.

### Pray Together

Take some time to pray together.

Lift your vision for your Hub to God and ask him to help you fulfil it this year.

And, as always, take time to pray for each other. (The start of the year is a really good time to set the tone for prayer, and show how much we value it, so let's make sure we create lots of time for this.)
